I don't have an ostomy, can I still participate?

No problem! Our program is designed for youth with any condition of the bowel or bladder system. We've seen over 45 different diagnoses over time, not all requiring ostomy surgery.

We encourage all adults with compassion for those living with medical/physical challenges to volunteer.

Program activities will include a blend of educational and recreational activities designed for all ages and abilities.

Our Medical Team

Our medical team is comprised of medical professionals from a variety of specialties. They oversee the onsite care of our campers and support educational sessions. Many of our volunteers are nurses with specialized experience in ostomy, skin, and wound care.

"Rally gave me the resources, courage and information to have surgery and supported me even afterwards. For me Youth Rally is a big family community full of love and acceptance from everyone there."

-Parker, Youth Rally Camper, age 15

Why choose Rally?

- Educational sessions focus on self-esteem, self-advocacy, and independent living.
- Licensed medical professionals and adult volunteers are available to assist with the medical/physical needs of campers throughout the week.
- Many of our volunteers live with the same sorts of conditions as our youth participants.
- Our nonprofit organization is staffed 100% by volunteers. Every dollar raised goes directly to program and camper sponsorship.
